ABOUT THE COMPANY

For the last 7 years I have been using my marketing skills and wit to help other companies grow their market share. In my last position, I was able to meet so many talented trade-skilled business owners who did not have the time or savvy to run a digital marketing campaign. They knew they needed it, and they knew they wanted it, but had no clue where to start.

That's where an idea sparked inside of me. I could offer my knowledge and experience to these companies at an appropriate and beneficial price for micro - small businesses.

QUALITY IS THE BEST BUSINESS PLAN.

Because I don't have the overhead expenses most marketing agencies have, I am able to keep my prices affordable. I also won't sell you something I don't think will help your business grow.

Let me lighten your work load and keep your presence on social media consistent.

 **THAT'S ME!**
